

Studies Of Neurotransmitters At The Synaptic Level: Editors E. Costa, L. L. Iversen And R. Paoletti

by Erminio Costa; Leslie L Iversen; Rodolfo Paoletti

Sudoc Catalogue :: - Livre / Book Studies of neurotransmitters at the synaptic level : Editors: E. Costa, L. L. Iversen [and] R. Paoletti. Studies of neurotransmitters at the synaptic level / editors: E. Costa, L. L. Iversen, R. Paoletti Medical Library, PRINTED MATL, 1972. 0911216294 : Med. Closed Studies of neotropical caddisflies, XVIII: new species of . - Facebook Suchergebnis auf Amazon.de für: Level editor - Medizin Accumulation of 3H-glycine in interneurons of the cat spinal cord . 1 / editors Erminio Costa, Paul Greengard. - New York 9780911216691, *Serotonin : new vistas : biochemistry and behavioral and clinical studies / editors E. Costa, G. L. Gessa, Merton Sandler. - New York [etc.] 911216200, *Studies of neurotransmitters at the synaptic level / editors E. Costa, L. L. Iversen, R. Paoletti. Iversen, Leslie Lars - Internet Culturale Jun 28, 2008 . The mammalian brain contains unusually high levels of d-serine, a d-amino including NMDA receptor transmission, synaptic plasticity and neurotoxicity. .. Further studies will be required to map the relative contributions of d-serine .. Fadda E, Danysz W, Wroblewski JT & Costa E (1988) Glycine and Editors E. Costa, LL Iversen And R. Paoletti Studies of neurotransmitters at the synaptic level. Editors: E. Costa, L. L. Iversen [and] R. Paoletti. Book.
